

Multifunctional trolley for foam and disinfection units

The choice of perfection

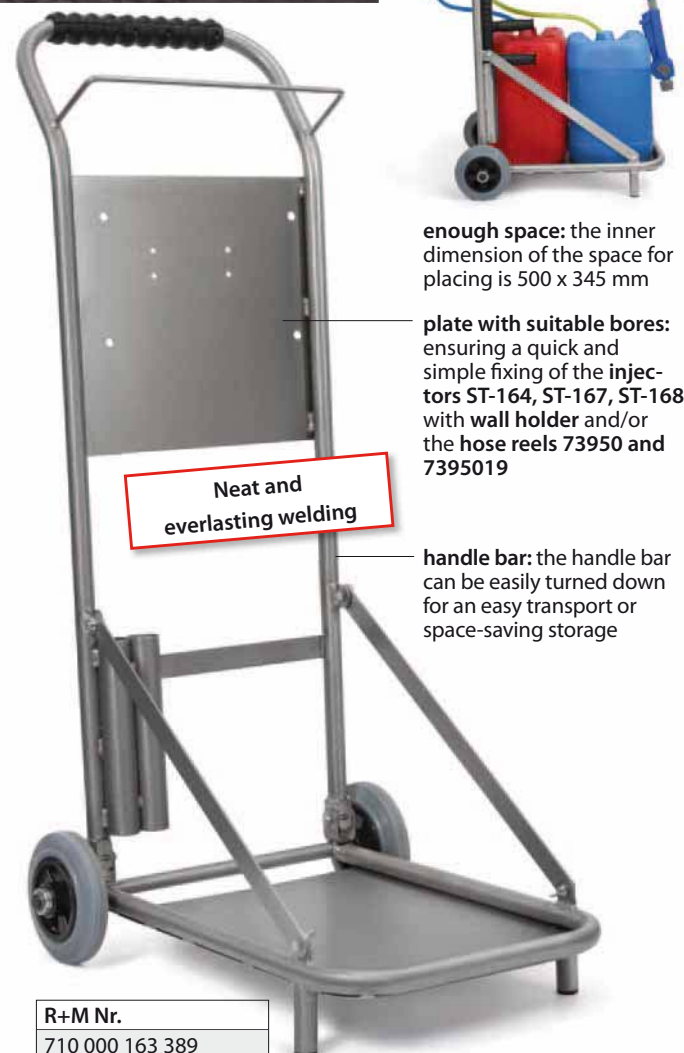

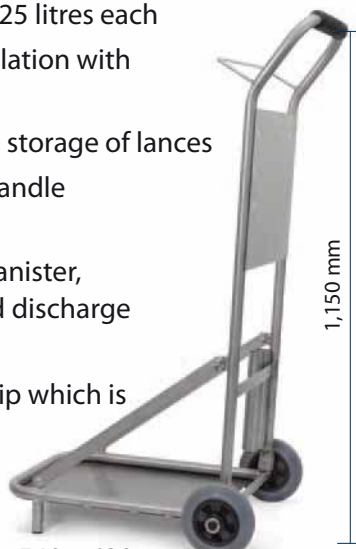

ideal for the food industry
- mobile and multifunctionally applicable

Mobile cleaning station designed for applications in the food industry

- material: made out of stainless steel
- optimal placement: space for 2 canister with chemicals with a capacity of 25 litres each
- versatile possibilities of installation with pre-drilled fixing holes
- including twin holder for the storage of lances
- manoeuvrable and easy to handle such as a sack truck
- open space for placing the canister, thus ensuring an unhindered discharge of spilled liquids
- ergonomic plastic handle strip which is easily unscrewable for the food industry
- 2 grey, non-fading wheels
- dimensions H x W x D: 1,150 x 540 x 620 mm

enough space: the inner dimension of the space for placing is 500 x 345 mm

plate with suitable bores: ensuring a quick and simple fixing of the injectors ST-164, ST-167, ST-168 with wall holder and/or the hose reels 73950 and 7395019

handle bar: the handle bar can be easily turned down for an easy transport or space-saving storage

multifunctionally equippable: well thought out solutions for mobile applications

no staining: the 160 mm big wheels are made out of a grey special rubber
